

3. In the case involving [REDACTED] and the Travelers Insurance Company, he will adjust the billing to reflect charges for only one blood flow study.

In turn, the Board agrees that upon successful completion of the terms of this agreement there will be no further action regarding this matter. Both parties agree to dispense with this case informally and without further hearings or appeals.

SIGNED AND ENTERED this 5 day of June,  
1990.

  
J.C. Littrell, D.P.M.

Approved as to Substance and Form:

For the Respondent:  
*As per addendum (see attached)*  
  
Donald A. Rhodes, D.P.M.

TELEPHONE (512) 992-9432

Addendum

Pursuant to telephone conversation with Dr. Goforth on 6/21/90

The IMEX test pre-op or follow-up to a preliminary IMEX test will, henceforth, be coded as 99999 and for a nominal charge of \$50.00.

I already have credit for 5 hours of CME for 1990 and have already signed up for an additional 30 hours of CME at Atlanta Hospital Program, which does include some training in peripheral vascular disease, which Dr. Goforth felt would be sufficient.

The insurance billing for [REDACTED] has been adjusted to reflect only 1 blood flow study. I hope that this meets with your approval. If not, please inform me.

Sincerely yours,

Donald A. Rhodes, D.P.M.
